Multibrackets Europe AB products comply with the RoHS legislation

The Restriction of Hazardous Substances Directive, RoHS, restricts the use of certain hazardous substances in electrical and electronic equipment. Multibrackets Europe AB products must comply with the RoHS directive only if the products shall be used for such applications.

Multibrackets Europe AB can confirm that delivered products are RoHS compliant.

Multibrackets products do not contain flame retardants, phthalates or heavy metals as described in the RoHS directive.

Should you have questions or require further information regarding RoHS compliance of any Multibrackets products; please contact Multibrackets Environmental, Health and Safety Department by using the email address provided below.

Sincerely,

Multibrackets Europe AB
