

Ready when you are.

M Public Display Floorstand Base B2B

Art No: Silver 7 350 022 739 796, Black 7 350 022 739 802

The M Public Display Floorstand Base Back to Back is an optional accessory for the M Public Display Stand series.

The product exchanges the standard wheelbase included and can then create a non movable base for the M Public Display Stand. This is ideal if the M Public

Display Stand should not be moved out of its position. The M Public Display Floorstand Base Back to Back is configurable to meet different needs and situations. For public use its footprint can be minimized and then mounted to the floor. This is highly suitable in public areas where safety is of highest importance.
